Profitable, turn-key businesses don't often come on the market this often!

The business includes the lease, a loyal customer base of Expats, Tourist and locals and everything else you need to operate this business. The Bakery includes an industrial oven and dough mixer as well as the recipes for all products sold.

A local staff member has already been trained to operate and run the daily operations, which means the new owner could continue operating from day one!

Don't miss out on this great opportunity!
